

WE ARE
COUNTING
ON YOU

HELP US
LEAD A NORMAL LIFE

Dear Parent,

One is never too young to help others. And the sooner one starts, the more good can be done for the world.

This is one reason why we are reaching out to the students of Mother's Pride and their parents to support Sparsh.

Sparsh Special School is an institution we have established for children with special needs, many of whom are underprivileged.

Recently the school was ranked as
India's No. 5 Special Needs School
in the Education World India School Rankings 2017.

The school's aim is to turn them into self-reliant, productive members of society so that, despite their disabilities, they can lead a life of dignity. To help them achieve this, we provide them education and vocational training, along with every facility they need - food, clothes, books, medical care, etc. To continue to do this we truly need your support.

There are so many ways in which you can help. Like adopting a child for a whole year, becoming a donor, a patron trustee or an executive trustee, or getting your organization to be a corporate donor.

THREE WAYS IN WHICH YOU CAN HELP

Donate	You can donate an amount for the welfare of these special-needs children.
Adopt	You can adopt a child's education for a year, by donating Rs. 1000 per month.
Trustee	You can become a trustee or a life member. <ul style="list-style-type: none"> Rs. 5 lakh to become a Patron Trustee Rs. 2 lakh to become a Life Member. Rs. 1 lakh to become an Executive Trustee. Rs. 50,000 to become an Associate Trustee.

Let us all come together and collect funds for the not so fortunate special needs children. We are sending you a booklet, which you can use to collect funds from your relatives, friends and colleagues. Please donate generously, and give them the future they deserve. In case you wish to contribute in kind or you want to become a trustee of our special school, you can contact **Ms. Sapna Sukul at 78386 54050 or email her at sapna.sukul@thesparsh.org**

Remember, no contribution is too small and there is nobody who can't be of help. We have been partners in the growth of our children. Now let's be partners in serving humanity as well.

May God shower you with blessings, as He always has.

Sudha Gupta
